*In November 2002 our family lost our mother to cancer, and for the past nine years, we have hosted the Annual Mary O'Brien Memorial 5k for Cancer, known as M.O.M.'s RUN, which is held on Mother's Day in her honor at the V.F.W. Post in Davis Square, Somerville. Mary (Pilotte) O'Brien was a longtime Somerville resident and was involved in many local organizations throughout her life dedicating much of her time to helping others.*

*If you only read as far as this paragraph, then we would like to ask one simple question for you to think about. Who is that special person in your own world who has suffered from and, most likely lost their battle with cancer? And what amount of money would you give to have them back again? We realize that our loss is certainly not unique. As a matter of fact, if you are someone whose circle has yet to be affected by cancer, then you are the unique one. But please don't be fooled. This disease knows no boundaries. Chances are that it will touch your life, and you too will want to help find a cure.*

*We are continuing Mary's legacy by making this effort to help others and hopefully save lives. Our event is a 100% cancer fundraiser for the Claudia Adams Barr Program in its 23rd year at Dana-Farber Cancer Institute for Basic Innovative Cancer Research. Not only does the event enforce the need for supporting cancer research, it brings family and friends together to promote awareness for the health and wellness benefits of walking and running.*

*We are proud that this event has attracted participants from all over. It has become not only a beautiful way to remember your own mother on Mother's Day, but a great way to remember that special someone.*

*Please won't you join us?*

Sincerely  
The Pilotte Family, M.O.M.'s RUN
